

Countering The Financing of Terrorism

Countering the
financing of
terrorism (CFT)
is a highly
complex
endeavor that
involves many
different actors.

Thus, the Financial Action Task Force (FATF), an independent inter-governmental body created to protect the global financial system was formed.

The FATF has published a paper on best practices on combating the abuse of Non-Profit Organisations (NPOs).

In it, they
a four-pronged
to protecting
sector.

**Proportionate,
risk-based
supervision or
monitoring.**

3

**Effective
investigation
and
information
gathering.**

Effective mechanisms for international cooperation.

Has this post enlightened you on the risks NPOs face with Terrorist Financing? Let me know your thoughts in the comments below.
